**Your Fence, Your Style**

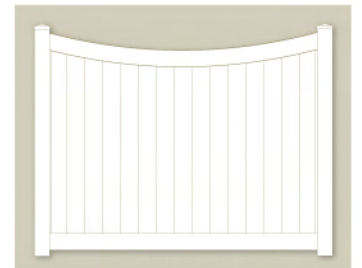

# COLORS & CURVES

There are almost no limitations when it comes to the choices available in our Colors & Curves. They can be designed in many ways to help bring out the beauty of your landscaping and home. Arbors and arches in three colors help to enhance any entrance way to your yard or garden. They can be mixed and matched to show creative style and enhance any section. We are proud to welcome Curves & Colors as the new generation in fencing.

# PRIVACY

Privacy Panels feature a "V"-Jointed tongue and groove board and come with a wide variety of decorative tops. Privacy fence panels include a metal reinforcement channel in the bottom rail to help create a stronger and longer lasting fence. We pride ourselves on offering a Privacy Panel for every taste. They are also offered in Beige and Gray. Lattice comes in White, Beige, Gray and Eastern Green.

# SEMI-PRIVACY

**V215DS**

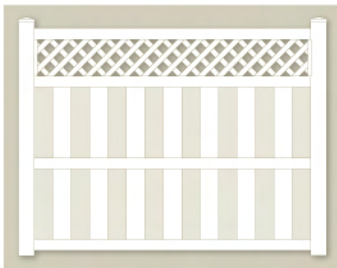

**VSQ48**

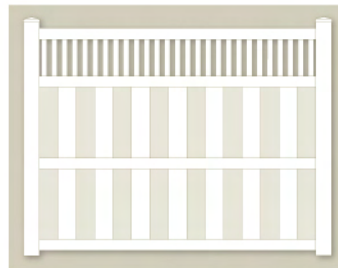

**V215SQ**

The Semi-Privacy line has one of the largest selections we offer. Customers are invited to pick one of our pre-made styles or to custom design their own. Semi-Privacy panels are specially designed to offer privacy without a “closed in” feeling. Our extensive selection offers open lattice styles as well as the more secure “front to back” large picket styles. All are available in White, Beige and Gray. Our

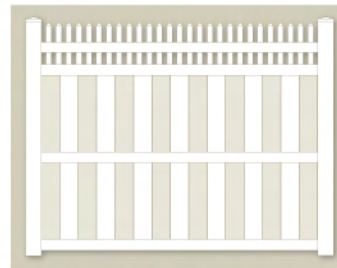

styles featuring lattice also have the added option of Eastern Green lattice. This helps to provide a multitude of choices to help compliment any landscape setting. Semi-Privacy fence panels include a metal reinforcement channel in the bottom rail to help create a stronger and longer lasting fence.

# CONTEMPORARY PICKET

Contemporary Picket offers what is known as the “good neighbor” approach to fencing. It is a fence that features both sides of the panels being exactly the same. The pickets are assembled THROUGH the rails instead of simply being attached to them.

Traditional Picket looks like the traditional "nail-on" style wood picket fence. This face mounted picket can be manufactured with three different picket widths. Narrow, Standard or Wide. These can be assembled with either a regular spacing or a reduced spacing for extra security.

*Also available in optional Thru-Rail construction.*
