

EverStrong®

P R O F I L E S

A Full, Comprehensive Vinyl Program for Fence People by Fence People

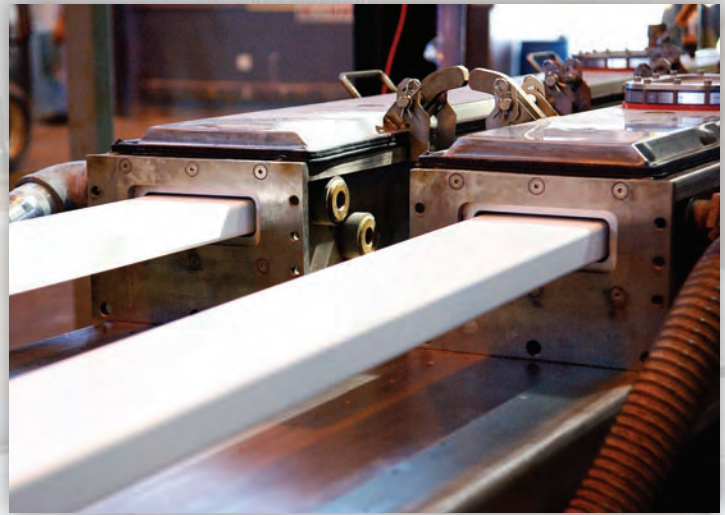

EverStrong® Profiles is backed by over 35 years experience in the fence business as a manufacturer and distributor. We have been in the vinyl fence fabrication business since 1996, and with this knowledge we expanded into extrusion. EverStrong® set up a new extrusion plant with the most technologically advanced extruding systems in the industry, some of the most seasoned people in extrusion worldwide and a complete quality control lab which is unparalleled in our industry.

All EverStrong® Profiles are inventoried in stock lengths in

White, Beige and Gray all the time. They are available to ship as soon as your order is placed. That is correct; the only lead time on stock lengths of profiles is giving your address to our carrier.

All EverStrong® Profiles are manufactured to rigid specifications using only the best compounds available in the market.

All EverStrong® Profiles and Accessories are tried and tested to ASTM and our own, more strict, specifications.

**A Full, Comprehensive Vinyl Program
For Fence People By Fence People**

EverStrong[®]
P R O F I L E S

As an EverStrong[®] Profile dealer, you have access to 18 different vinyl shapes. This includes the only 8" x 8" post available in the industry and our new 1-1/2" x 5-1/2" slotted rail. All of these shapes are available in either our stock lengths or in any custom lengths which you may require.

As fence people, we know what it takes to provide a complete program to a vinyl fence fabricator. The EverStrong[®] program includes all the quality products you need at the most competitive prices.

Profiles
Caps
Lattice
Bends and Arches
Hardware
Accessories
And Fabricated Sections

Why fabricated sections?

The EverStrong[®] Program includes 2 of the most popular styles of sections sold to free up your plant time to make more of your own signature styles.
